Patel

LOBO TIMES

For the students. From the students. By the students.

SCHOOL SPIRIT

By Helen Trinh

On September 30th, Quimby Oak holds its first Spirit Rally of the year! This rally's theme is the decades. Thanks to leadership, many fun games and performances were planned.

Club rush also took place this month. Quimby was able to get over 500 joins. We hope that you're having fun in your clubs this year!

Rally Info

text color = team color

Team 10 - 1960's

Team 20 - 2000's

Team 30 - 80's (green)

Team 100 - 50's

Team 200 - 90's

Team 300 - 70's

MORE EVENTS

By Gianna Valla & Kaylee Nguyen

This month we had a donation drive. All donations are going towards school events, campus beautification, and much more.

We also had Back to School Night, which was a success. Parents were able to see their children's daily school life and got to enjoy delicious food from the food trucks.

7TH GRADE LSI PROJECTS

World Arts

by Jy Hung Ong

Starting on the 20th, 7th Grade World Arts is going to create a project that involves bringing in a personal item and explaining its importance in a personal narrative. The Driving Question is "How can I unveil my most prized possession so that an audience understands WHY I strive to become a better person everyday?"

Math 7 & 7/8

by Kaylee Nguyen

Right now, 7th grade and 7/8 have a project called Real World LSI, a project simulating how to deal with money, like in real life. It is 5 weeks total, with Mondays as the start of a "year", with life updates.

Discovery Science

by Gianna Valla

In 7th Grade Discovery Science, they started a project called, "Little Things Make a Big Difference". The project is focusing on atoms and molecules. Their DQ is "What can we create to explain the atomic composition of molecules?" Students get to choose their own way to show off their work for the project.

8TH GRADE LSI PROJECTS

US Narrative

By Helen Trinh

8th graders in US Narrative are working on their newest project "A Revolutionary Idea" For their project launch, they'll be analyzing lyrics. In this project they will be studying modern and historical revolutions as well as poetry.

Math 8

By Elaine Tran

8th graders are done working on the problem "Show Me The Money" where they designed a new salary schedule to attract new teachers to Quimby, complete with PSGOs and video advertisements.

Math 8/9

By Helen Trinh

Math 8/9 are also done working on their "Show Me The Money" PSGO, now they are learning about plotting points on a coordinate graph and slopes.

Exploratory Science

By Elaine Tran

Students have finished up their Element T-Shirt project in which they reviewed the periodic table of elements. Their new project's DQ is "How would Sir Isaac Newton sell his car?" In this project they will be studying motion while designing their cars.

TEAM 10 LDA PROJECTS

Edited by Siddy G

Social Studies

By Helen Trinh

In Mr. Wilbon's Social Studies classes, students are working on their G.R.A.P.E.S. project to learn about their heritage. G.R.A.P.E.S. stands for Geography, Religion & Philosophy, Achievements & Arts, Politics & Government, Economics, and Social Structure.

Science

By Helen Trinh

Students in Ms. Loeb's science classes are learning about measurements and the metric system by using laboratory instruments.

Language Arts

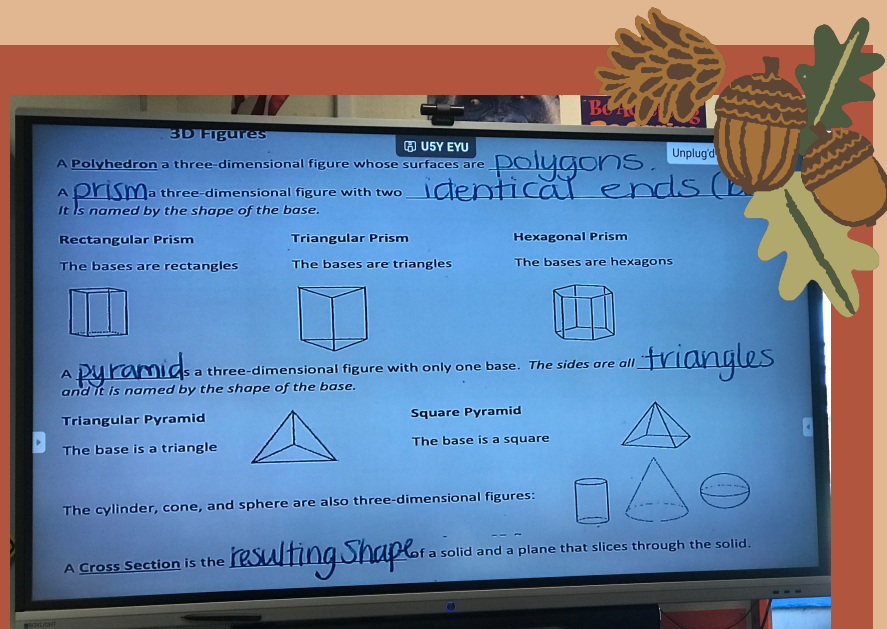

By Helen Trinh

Ms. Luo's Language Arts classes are discovering who they are as a person by working on their "Who Am I" and "My Life Map" projects on Google slides. They draw pictures of what they're good at and what they need to improve on.

Math

By Helen Trinh

Students in Ms. Knecht's math classes are practicing geometry by using different worksheets.

TEAM 100 LDA PROJECTS

Edited by Siddy G

Language Arts

By Sophia C.

Ms. Nguyen's students created memoirs and hung them inside the classroom. These memoirs have self portraits drawn onto them.

Social Studies

By Sophia C.

Mrs. Gingrich's class is working on their new unit titled "Who do you think you are?". This unit focuses on the concepts of identity, family history, and immigration.

Science

By Sophia C.

Ms. Menon's class just finished up their tests. Now, they are currently working on a new unit, which is different types of forces.

Math

By Sophia C.

In team 100's math classes, students are working on a wide variety of worksheets.

TEAM 200 LDA PROJECTS

Edited by Siddy G

Science

By Helen Trinh

Mr. Lam's classes are doing labs to test the effectiveness of different types of masks. They recorded the data onto a document. After that activity, they were observing the density of different items.

Math

By Helen Trinh

Ms. Macsween's classes are in their expressions and equations unit. In advanced math, students are working on absolute value and literal equations.

Language Arts

By Helen Trinh

Ms. Beher's Language Arts classes are debating if Disney has the moral obligation to portray history accurately.

Team 20 Language Arts

By Helen Trinh

Mrs. Hernandez's classes are learning about conflict and character traits, they are also starting to read a book called "The Scholarship Jacket." The story is about a young Mexican American girl who faces inequality at her school.

ELECTIVES

Mr. Trinidad

By Helen Trinh

Mr. Trinidad's elective is Lighthouse News, where his students report on news happening around the school and create a video to present said news. This year, we have new segments such as Quimby-Wide news, newsletter advertisement, sports, and breaks between segments.

Ms. Stracke

By Riya Patel

In Yearbook they have begun Interview Skills and Photography Basics. Complex - Worlds are working on a genre study, so they can get familiar with a variety of genres before creating their own worlds. In Express Yourself and Art Intersections are finishing the Elements of Art and moving on to the Principles of Design. In Edge of Your Seat they are rooting themselves in the components of the Mystery Genre and are applying that knowledge to a classic Agatha Christie story.

Mrs. Blightman & Lam

By Brenda Ly

Both Lighthouse classes are working together to create a Halloween themed scavenger hunt for all of Quimby. This activity includes challenges, a story line, props, and prizes.

Ms. Sutton

By Gianna Valla

In Ms. Sutton's Coding class, her students are learning how to make a web page using HTML and CSS. Each student will be making their own web page based on anything they're interested in.

Mr. Hiraki

By Riya Patel

Mr. Hiraki's Lighthouse students just finished learning about what kind of learner they are and they currently are working on their personal timeline.

Ms. Doan & Mr. Nieser

By Ariadne & Wryn

They finished their string art project. They are starting to brainstorm a new and exciting idea for a project.

Ms. Jaspal

By Jy Hung Ong

In Ms. Jaspal's Lighthouse, they are working on a project called 15 Minutes of Fame. In this project, they are practicing how to deliver speeches.

Ms. Boyle

By Jy Hung Ong

In Hacking Home Ec, they are currently learning how to make cookies.

SPORTS

CROSS COUNTRY

By Jazmine Fernandez

Hello, welcome to LHN sports. Here with the cross country team, they had a meet at Christmas Hill Park on September 15th and at Montgomery Hill Park on September 20th. Their best runners are Nora, Nick, and Camilla. We wish you good luck runners!

GIRLS' BASKETBALL

By Riya Patel

The Girls' basketball tryouts are coming near. They will be hosted at the gym on October 3rd, seventh grade is at 3 pm, and 8th grade is on October 4th at 3 pm. The coach for 7th grade is Mr. Hiraki and for 8th grade it is Mr. Gracie.

NFL

By: Riya P.

On the 29th of September, the Bengals and Dolphins are going to go against each other.

Badminton

By Sujith

The badminton club will be hosted by Ms. Ferrari in the gym. Starting on Monday, September 19, the badminton club will teach students the skills and rules of badminton.

Wrestling

By: Jamison

The wrestling club has already started and reached its deadline, but you may still come by the wrestling room at lunch to watch some live matches. Brackets for wrestling along with information on upcoming matches and tournaments will be posted on the boys' locker room doors.

Study Tips & Life Advice

**Friend thinking of
their friend.**

**Friend feeling left
out.**

Life Advice

As the animation explained, just because someone has another friend doesn't mean that you aren't friends with them. The main part of these friendships is communication. Communication helps whenever you have a problem, just have a conversation when you feel left out.

DC: 26%

Two Truths and a Lie With Ms. Culkin!

1: Ms. Culkin was on a plane when it lost 20,000 feet of cabin pressure.

2: She was bitten on the head by a St. Bernard and got 43 stitches.

3: She tripped and fell and broke her femur.

Your Turn to Guess The Lie!

Answer on the bottom of the page

A: The lie was 3: She tripped and fell and broke her femur

RECOMMENDATIONS

Food Recommendation

Do you need a drink to cool you down this hot month? Or a delicious snack? Come to Happy Lemon. It is a franchise commonly known for their boba drinks, with a variety of items on their menu.

-Sophia C.

Song Recommendation

This month we recommend 2002 by Anne Marie. It is a fun and upbeat song and you can find it on Spotify, Apple music, and more!

- Ella Magbitang

Need a Board Game?

Do you want to bond with your family? Well this board game is the one for you. The Original Monopoly is a game where you can buy properties. You roll dice and you land on the properties and you can even go to jail. Whoever has the most property wins. You can get it at Target and Walmart. -Joshua Lara
